Testimonials

"This program allowed me to explore the abundant facets of yoga at a steady and practical pace. The support and insight I received thoroughly prepared me to pursue this profession." -*Laura*

"I have taught yoga for many years, and this program has broadened my teaching skills enormously greatly enhanced my personal practice." - *Julie*

"Meeting one weekend/month provided a perfectly balanced pace; we could absorb lots of information during class time, and then have time to reflect on it, incorporate it into our lives and our yoga practice, and then be excited again when the next weekend of training approached. Retention of the material was easier this way, and there was no feeling of burn-out or being rushed. A great program!" -*Julie*

"This training introduced me to the heart of yoga and changed not only my career path, but the path of my life." -*Audrey*

"extremely organized, well thought out and exposes you to the whole spectrum of yoga knowledge. The things I learned just continue to unfold every day with new and deeper meaning in my life." -*Molly*

"teacher training has completely changed my life. I watched myself transform more in the last ten months than I had in 20 years in the Western mental health care system. My eyes and mind have been opened to more than I could have hoped for and it's given me a renewed zest for life." -*F.R.*

"The post training support has also been so amazing and extends beyond the 10 months of training. I always know I can contact any of the faculty if I have an idea or question." -*Carole*

"...best learning experience by blending lecture, hands on, self-practice, instructor critiques, and lots of optional reading and practice opportunities." - *Caron*
